

Call for Papers

AOFA '10

21st International Meeting on Probabilistic, Combinatorial, and Asymptotic Methods for the Analysis of Algorithms

*Vienna University of Technology (Austria)
June 28 – July 2, 2010*

- **Scope:**

This conference is the first joint meeting of two previous conference and seminar series on "Mathematics and Computer Science" and "Analysis of Algorithms". The common aim of these and the present meeting is to study discrete objects that appear as data structures or algorithms (including graphs, networks etc.) by mathematical methods, in particular by probabilistic, combinatorial and asymptotic methods.

- **Submission of papers:**

We invite you to submit an extended abstract (12 pages) or a short abstract for a poster (2 pages) via the Easy-Chair system:

<https://www.easychair.org/login.cgi?conf=aofa10>

It is planned to publish the proceedings in DMTCS.

- **Scientific committee:**

Brigitte Chauvin (Versailles, France), Jacek Cichon (Wroclaw, Poland), Michael Drmota, Chair (Vienna), Daniele Gardy (Versailles, France) Philippe Flajolet (INRIA Rocquencourt, France) Martin Klazar (Prague, Czech Republic) Jean Francois LeGall (Paris, France) Ralph Neininger (Frankfurt, Germany) Marc Noy (Barcelona, Spain) Conrado Martinez (Barcelona, Spain) Alois Panholzer (Vienna, Austria) Helmut Prodinger (Stellenbosch, South Africa) Uwe Roesler (Kiel, Germany) Bob Sedgewick (Princeton, USA) Peter Winkler (Dartmouth, USA) Wojciech Szpankowski (Purdue, USA)

- **Organizing committee:**

Michael Drmota, Bernhard Gittenberger (Chair), Alois Panholzer

- **Official language:** English

- **Address:**

Vienna University of Technology
Department of Discrete Mathematics and Geometry
Wiedner Hauptstraße 8-10/104
A-1040 Wien (Austria)
e-mail: aofa10@dmg.tuwien.ac.at
Web site: www.aofa10.at

- **Important dates:**

January 31, 2010: deadline for submission of extended abstracts
March 15, 2010: deadline for submission of posters
March 31, 2010: notification to authors
April 30, 2010: final version of accepted papers
